You did it! Congratulations on submitting four (or more) pull requests and contributing to open source projects this month. Each of your contributions has passed the 14-day review period which means you have earned a reward! You can either choose to receive a limited edition tee or donate the proceeds to plant a tree.

To claim your reward visit your [profile](#) to view your unique code.

When selecting the shirt, please allow 8-10 weeks for delivery due to COVID-19 shipping delays. Want to plant a tree as well? After choosing your shirt, head to the [Hacktoberfest Forest](#) to plant a tree on your behalf.

Reflect on your experience and share your pull requests with the DEV community using [this article template](#). To ensure that you get a Hacktoberfest badge, make sure your GitHub information appears on your DEV profile and [sign up](#) no later than November 13!

No matter which option you choose, [share your experience](#) on social by using [#hacktoberfest](#) and tagging [@DigitalOcean](#).
